institutional leadership, individual investigators, collaborative groups of faculty, and URCF staff.

Criteria to guide decisions for the removal of equipment from a URCF will include the extent to which existing equipment is (i) underutilized; (ii) no longer functional; or (iii) no longer aligned with the evolved purpose of the URCF or the institutional strategic priorities for research.

A proposal for a new URCF designation should be submitted to the Associate Vice President for Research. Information to be provided in this request is listed in **Appendix I**.

University central administrators, and will be based on the metrics of productivity described above for creation, maintenance, and sun-setting of an Academic URCF.

<u>Faculty Director</u>: will develop the mission plan, oversee the facility, grow the user base, work with users to develop proposals for external and internal support of the facility, and serve as liaison between the URCF, users, and administration. The Faculty Director will work with URCF staff to generate reports and to review and revise policies and rates for the URCF on an annual basis. Specific duties of the Faculty Director will be defined for each URCF in the MOU document. The Director will receive one annual course release to carry out these duties.

<u>Staff Person (Assistant Director or comparable position)</u>: will be responsible for the day-to-day operation, equipment maintenance scheduling training hilling report generation, and weh page.
